

Expressions of Interest – Sponsorship by Deaf Services Queensland

Deaf Services Queensland recognises the important role the organisation plays as a member of the community, and is committed to supporting selected activities and organisations which benefit Deaf and hard of hearing Australians.

Please note;

Deaf Services Queensland provides an avenue for individuals to receive funding for projects, and aspirational goals through our Life Enrichment Grants (LEG). The process for individuals to apply for an LEG can be found at: www.deafservicesqld.org.au/Support-and-community/Life-Enrichment-Grant.

Organisations wishing to receive any form of sponsorship from Deaf Services Queensland are required to submit a **Sponsorship Expression of Interest**. This EOI process allows Deaf Services Queensland to work alongside prospective partners to develop sponsorship packages which provide value to both organisations.

Please note that while all sponsorship proposals will be considered, preference will be given to those organisations which are willing to work with Deaf Services Queensland to create an equitable package rather than providing pre-developed proposals.

All expressions of interest will be considered by a panel of Deaf Services Queensland staff and Board Members, with particular consideration given to organisations which:

- Are open to working alongside Deaf Services Queensland to develop a sponsorship package that suits both organisations.
- Are credible, with a proven track record in managing community initiatives,
- Can provide satisfactory information on its management and financial status; and
- Allow adequate time for applications to be assessed

To submit an Expression of Interest

For your sponsorship proposal to be considered by Deaf Services Queensland please provide the following:

- A brief description of your event or proposal, its history and the benefit to the Deaf and hard of hearing community.
- An outline of the funding you are seeking from Deaf Services Queensland
- An example of the types of package benefits that could be made available to Deaf Services Queensland
- Clear timelines in relation to the delivery of the event or proposal for which you are seeking sponsorship
- Contact details for the person responsible for managing the sponsorship proposal.
